

RETAIL PRICE LIST

hoymiles HYS Range 3-6

Hybrid 1 Phase Inverter

The HYS-LV Series is a high-performance single-phase hybrid inverter with excellent reliability, including a power class from 3kW to 6kW.

The intelligent EMS function supports self-consumption mode, economic mode, and backup mode for multi-scenario applications.

Monitoring management through S-Miles Cloud allows users to remotely diagnose and track the system's performance over time, maximizing the total solar power production and battery utilization.

Warranty 10 years

MODEL	CAPACITY	RETAIL
HYS-3.0LV-EUG1	3.0KWH	£963.00
HYS-3.6LV-EUG1	3.6KWH	£993.00
HYS-4.6LV-EUG1	4.6KWH	£1038.00
HYS-5.0LV-EUG1	5.0KWH	£1067.00
HYS-6.0LV-EUG1	6.0KWH	£1112.00

Price includes wifi datalogger & smart meter

hoymiles HYS Range 8 - 12

Hybrid 1 Phase Inverter

The HYS-LV-EUG2 Series is a new generation single-phase hybrid inverter with excellent reliability, including power classes ranging from 8.0 kW to 12.0 kW. The intelligent EMS function supports self-consumption mode, economic mode, and backup mode for multi-scenario applications.

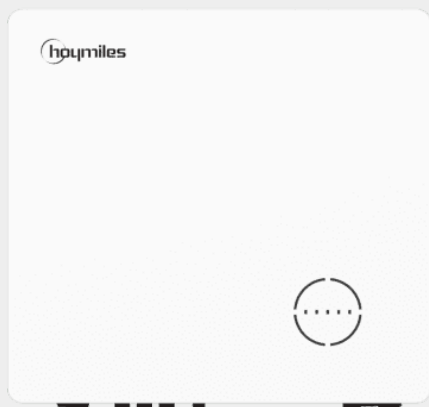

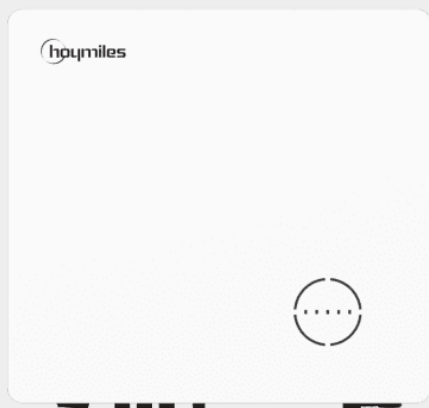

Monitoring management through Hoymiles Cloud allows users to remotely diagnose and track system's performance over time, maximizing the total solar power production and battery utilization.

Warranty 5 years

MODEL	CAPACITY	RETAIL
HYS-8.0LV-EUG2	8.0KWH	£1665.00
HYS-10LV-EUG2	10.0KWH	£1814.00

hoymiles HYT Range 5-12

Hybrid 3 Phase Inverter

The HYT-HV Series is a high-performance three-phase hybrid inverter with excellent reliability, including a power class from 5kW to 12kW.

The intelligent EMS function supports self-consumption mode, economic mode, and backup mode for multi-scenario applications.

Monitoring management through S-Miles Cloud allows users to remotely diagnose and track the individual system's performance over time, offering superior energy production.

Warranty 10 years

MODEL	CAPACITY	RETAIL
HYT-5.0HV-EUG2	5.0KWH	£1545.00
HYT-6.0HV-EUG2	6.0KWH	£1620.00
HYT-8.0HV-EUG2	8.0KWH	£1695.00
HYT-10.0HV-EUG2	10.0KWH	£1844.00

Price includes wifi datalogger & smart meter

hoymiles HAS Range

AC1 Coupled 1 Phase Inverter

The HAS-LV-EUG1 Series is designed for retrofitting PV systems, including power classes ranging from 3 kW to 5 kW. It can be installed with existing PV inverters, forming an AC coupling system.

The intelligent EMS function supports self-consumption mode, economic mode, and backup mode for multi-scenario applications.

Moreover, the remote monitoring management through S-MilesCloud allows users to track the full status of the system operation over time, maximizing power and energy utilization.

Warranty 10 years

MODEL	CAPACITY	RETAIL
HAS-3.0LV-EUG1	3.0KWH	£799.00
HAS-3.6LV-EUG1	3.6KWH	£829.00
HAS-4.6LV-EUG1	4.6KWH	£858.00
HAS-5.0LV-EUG1	5.0KWH	£888.00

Price includes wifi datalogger & smart meter

hoymiles HAT Range

AC1 Coupled 3 Phase Inverter

The HAT-HV-EUG1 Series is designed for retrofitting PV systems, including power classes ranging from 5 kW to 10 kW. It can be installed with existing PV inverters, forming an AC coupling system.

The intelligent EMS function supports self-consumption mode, economic mode, and backup mode for multi-scenario applications.

Moreover, the remote monitoring management through S-Miles Cloud allows users to track the full status of the system operation over time, maximizing power and energy utilization.

Warranty 10 years

MODEL	CAPACITY	RETAIL
HAT-5.0LV-EUG1	5.0KWH	£1277.00
HAT-6.0LV-EUG1	6.0KWH	£1366.00
HAT-8.0LV-EUG1	8.0KWH	£1411.00
HAT-10.0LV-EUG1	10.0KWH	£1486.00

Price includes wifi datalogger & smart meter

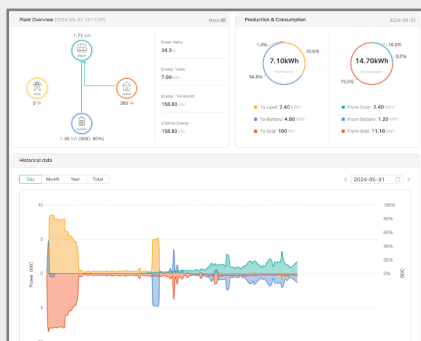

S-Cloud Monitor

Hoymiles monitoring system, S-Miles Cloud, offers homeowners a powerful platform to monitor their solar installation and solar power system, providing access to as much or as little data as desired.

Track overall plant performance with insights into monthly and lifetime energy production, as well as emissions reduction. For a closer look, leverage the live data of the Hoymiles app to monitor the performance of individual modules.

As an installer:- You have overall control of your customers system configuration. Monitor system performance and system alerts either through a web portal or directly from your mobile app.

The S-Cloud solution is provided free of charge to you as an installer and to your customers.

Pytes V5a Range

5.12kWh Battery - Amphernol Terminals

The SkyEnergi Pytes V5a 5.12kWh LifePo4 Solar Battery is a high-quality energy storage solution designed for solar power systems. With a capacity of 5.12kWh, this lithium iron phosphate battery offers reliable and long-lasting performance. It is ideal for off-grid or on-grid applications, backup power, and energy storage for residential or commercial use.

The Pytes V5 is our favourite rack style battery and will compete strongly against any other storage battery on the market.

Compatible with a wide range of inverters inc Pylontech, Victron, Growatt, Solis, Must, Luxpower, Megarevo, Voltronic, Deye, Afore, Hoymiles

EVE Lithium Batteries

Featuring a longer lifespan and better overall performance than traditional lithium-ion batteries, LiFePO4 cells are capable of delivering more power for longer periods of time without experiencing issues such as overheating or degradation.

Whether you're looking for a reliable battery for your next DIY project or are interested in incorporating clean, efficient energy storage solutions into your daily life, LiFePO4 battery cells are an excellent choice that can help you achieve your goals quickly and easily.

There are many fake and B Grade batteries sold on the global market. That's why we purchase all our EVE batteries direct from the manufacturer. All our Eve batteries are fully traceable.

Who we are?

Skyenergi, a subsidiary of the Mosytn Group, stands out as a prominent distributor and solution provider in the UK.

The company was founded based on personal experiences that highlighted the inefficiencies in the renewables market, particularly the lack of seamless integration between inverter hardware and battery solutions.

Unlike other companies that focus on marketing a wide range of brands, Skyenergi prioritizes offering solutions that are known for their superior compatibility. This approach not only streamlines the installation process but also reduces the need for extensive support post-installation.

The company's goal is to provide customers with reliable and efficient renewable energy solutions. With a commitment to quality and innovation, Skyenergi aims to address the shortcomings in the renewable energy market by offering products that have been tested and proven to deliver optimal performance.

By focusing on compatibility and efficiency, Skyenergi sets itself apart as a trusted partner for those seeking reliable renewable energy solutions in the UK.

Interest in becoming an installer?

We are continually asked for details of Solar Solution providers across the UK.

If your interested in supplying our products and would like to be included in our installers directory, then please drop us an email at:-
